

Olivia Olovely

Our dreams came true when Olivia Olovely and Luscious Lopez agreed to star together in our shoot. These two have the biggest and juiciest Latina asses in the industry, and having them together was almost unbearable! Before we even saw their big round tits we were rubbing down their big juicy butts with oil and fingering their tight ass holes. When you have two big juicy asses, you just have to show them the attention first! These girls took turns sucking a big hard cock after that, then took turns fingering and licking each others pussies while that cock pounded each of their tight big asses in turn. These Latina whores love anal, so we brought the oil back out and lubed them down again, bending them over one at a time for a hard anal fucking. After stretching out both of their big butts, this guy blew his load all over their sexy mouths.

Krystal Summers

The much sexed Krystal Summers came to the aid of a young perky titted blonde named Kissi Kapri when she asked for help with some sexual problems. Even though Kissi had a great body and a big juicy ass, she just couldn't pleasure her man the way he wanted. Krystal used her big tits and her juicy ass to show this young blonde whore the ways of fucking only a pornstar knows, and lucky for her boyfriend, he got to learn along with them! Krystal shows her how to seduce her boyfriend with her juicy ass without touching him, then how to suck his big cock the right way. After taking turns on this lucky guy's throbbing dick, Krystal shows Kissi how to use her big juicy ass to fuck her man like a pornstar, and to end the lesson she lets this young stuff blow his huge load all over both of their gorgeous faces.

Busted While Fucking Another Guy

She was such a bitch and also such a mess in my life. Now when I think of her I only picture in my head those times when we fucked like nuts all day long. But let me tell you the story of how I busted this ho', here is what happened... I went home after work pretty excited to see my babe, thinking about ripping her clothes off and just fuck her like the night before, but instead I find her in my own room with another guy, whom by the way was fucking her from behind! I picked up my all time favorite baseball bat and the guy instantly ran out through the window! Who can blame him!? Then I look at the bitch and told her she was going to be exposed 'cause I don't give a damn fuck for her anymore. So here I am, enjoying my sweet revenge uploading old school videos of me and her getting it on! Have a blast with this bitch guys, bitches are made just for this, to expose their bodies and suck and fuck cocks! To have their cunts and asses banged! And this one was definitely a true slut, so here you are babe, in the place where all bitches are! The Internet!
